

```
1 package jlisp;
2 public class Node<E> {
3     public E data;
4     public Node<E> right;
5     public Node<E> down;
6
7     public Node (E data, Node<E> right, Node<E> down) {
8         this.data = data;
9         this.right = right;
10        this.down = down;
11    }
12 }
```
