

```
1 package MULTISET;  
2 public class KeyedInt implements Keyed { // Keyed integer implementation of Keyed  
3     private int theInt;  
4     public KeyedInt (int i) {  
5         theInt = i;  
6     }  
7     public String getKey( ) {  
8         return String.valueOf(theInt);  
9     }  
10 }
```
