Assignment 2 Rubric

5199807

	Complete 2	Partial 1	Limited 0.5	Value
Standards				
Comments, Variable Dictionary, Indentation, Naming	All standards present and consistent	Some standards missing or inconsistent	Little attention to standards	1.5
Part A				
Correctness	CurvedV at parameter-dependent coordinates. Side lengths on each side of 1×, 2×, 3×, 4×, 5× segment.	CurvedV, but superfluous code left in the method, or incorrect line segments.	Overall the wrong shape.	2
Part B				
Aesthetic Components	Line widths and colours handled in palmTree. Actual drawing handled in curvedV	Any pen options changed in curvedV	Palm tree drawn, but with incorrect widths/colours	2
Mechanics	For a single method, palmTree, that invokes palmTree three times	For making a 'palm top' method, but not using curvedV.	For putting everything into a single method (or constructor)	2

Assignment 2 Rubric

Part C				
Correctness and Arrangement	A background, two palm trees, and two birds. Code should work whether palm trees or birds are called first ✓	Drawing looks right, but swapping palmTree and bird calls would affect outcome	Basic components are present, but output incorrect	2
New Components	bird method that draws at x,y, with black pen (width 1) using curvedV ✓	bird draws at whatever colour and width were set before it was called	Missing bird and/or background	2
	Late Penalty (-3)		**Total (/12)**	11.5
