```
 1 package MULTISET;
 2 public class Node<E> { // symmetrically linked node list Node<E> class
 3     Node<E> prev;
 4     E item;
 5     Node<E> next;
 6     public Node (Node<E> p, E i, Node<E> n) {
 7         prev = p;
 8         item = i;
 9         next = n;
10     }
11 }
```
